NAGRADE

1. Herodotus' story about the judgment of emperor Cambyses II over which **corrupt royal judge** in the Persian empire inspired many painters, including Gerard David, Vigor Boucquet, Hans Sebald Beham, Antoon Claeissens and Peter Paul Rubens?

2. Finding out that water from canned beans can form foams much like protein isolates and flax mucilage do, in 2014 Joël Roessel found the culinary use for **what**? Viscous water in which legume seeds have been cooked mimics functional properties of egg whites in cooking, so it can be used as a direct replacement to them in vegan dishes.

3. Although she later collaborated with Randy Weston, Dizzy Gillespie, John Coltrane, Count Basie and Billie Holiday as an arranger, which **jazz trombonist** became the first woman to play in a big band in 1940s?

4. With foundations rooted in the cognitive dissonance theory, which **theory within practice of psychology**, often used in media and communication research, refers to individuals' tendency to favour information which reinforces their pre-existing views, while avoiding information that clashes with their views?

5. As a sign of protest against Trump's signing of Executive Order 13769, labelled the "Muslim ban" by critics, which **film director** refused to attend 2017 Academy Awards? He was represented by engineer Anousheh Ansari and former NASA director Firouz Naderi who received the award for the film *Forušan*.

6. Previously one of the five IAAF Super Grand Prix events, and now part of the Diamond League, on which **annual track and field meet** at Stade Louis II in Fontvieille, Monaco did Faith Kipyegon broke the mile world record in July 2023? Starting in 2008, that's the sixth world record set at the meet, with Yelena Isinbayeva, Genzebe Dibaba, Beatrice Chepkoech, Sifan Hassan, and Joshua Cheptegei breaking world records in their disciplines.

7. Paul Gauguin's painting shows a watermill in which **Breton town**? Same town names a school of painting which emerged in 1850s and lasted till the beginning of the 20th century.

8. Employed there since 2020, what woman is the **chief architect** of Yeezy?

9. The only segment found in both Disney's *Fantasia* and *Fantasia 2000*, which **segment** is named after the symphonic poem by Paul Dukas which can be heard in both films?

10. With the name derived from the poster of the article, and a mythical creature capable of destroying enemies with its stare, which **thought experiment** states that an otherwise benevolent artificial superintelligence in the future would be incentivized to create a virtual reality simulation to torture anyone who knew of its potential existence but did not contribute to its advancement?

11. As possible locations archaeologists identified present-day Tilaurakot in Nepal or Piprahwa in India. Which **ancient city** in the north of the Indian subcontinent was the capital of *gaṇasaṅgha* of the Shakyas and was ruled by Śuddhodana, the father of Siddhartha Gautama in 6th and 5th centuries BCE?

12. What three-letter name refers to a suite of **high-fidelity audiovisual reproduction standards** for movie theaters, screening rooms, home theaters, and other audio systems which was developed by Tomlinson Holman for LucasFilm? It was developed in 1983 to ensure that the soundtrack for the Return of the Jedi would be accurately reproduced during screenings.

13. Controversial play *Ngaahika Ndeenda*, that covers post-colonial themes of class struggle, poverty, gender, culture, religion, and traditionalism, is probably the most important work written in which **language**? Although he started his career writing in English, one of the authors of the play, Kenyan Ngũgĩ wa Thiong'o wrote most of his works in the language in question.

14. Vladislav Ardzinba, Fazil Iskander, Dmitry Gulia, Samson Chanba, Bagrat Shinkuba and Aleksandr Sharvashidze have all appeared on the reverse of which **currency**?

15. Although the term itself can have other meanings depending on the ethnic group, what term refers to the **belief in the spirits of ancestors**, nature spirits and deities in the indigenous Philippine folk religions of the pre-colonial period? The word can also sometimes refer to taotao, carved humanoid figures that represent the said spirits.

VII. MEMORIJAL MIRKA MIOČIĆA ZADAR 2023.

EKIPNI KVIZ – FINALE – SET 2/2

1. If you were thinking of Canada, you're on the wrong side of the world. A new species of spider, *Brignolia ondaatjei* was discovered on which **island** in 2016?

2. In July 2016, arbitral tribunal constituted under the United Nations Convention on the law of the Sea ruled against the so-called “nine-dash line”, the demarcation line within which **sea**?

3. A small red dwarf star in the constellation of Ophiuchus, fourth-nearest-known individual star to the Sun after the three components of the Alpha Centauri system, is named after which **American astronomer** who in 1916 measured its proper motion as 10.3 arcseconds per year relative to the Sun, the highest known for any star?

4. Unlike a defence, which tries to demonstrate that the coexistence of God and evil is logically plausible, which **argument in the philosophy of religion** attempts to resolve the problem of evil that arises when omnipotence, omnibenevolence, and omniscience are all simultaneously ascribed to God? The term was coined by Gottfried Leibniz in the work of the same name, while John Hick identified three major traditions – Plotinian, Augustinian and Irenaean.

5. After Leon Trotsky and Natalia Sedova were housed in it in 1937, which today's **museum** had its windows facing the street closed with adobe bricks to ensure the safety of the couple?

6. Work *Vom Kriege*, i. e. *On War* by which **Prussian general** is considered one of the most notable treatises on military strategy ever written? General in question stressed the psychological and political aspects of waging a war, as well as the dialectical interaction of diverse factors, noting how unexpected developments unfolding under the fog of war require rapid decisions from those accountable.

7. Often mistaken for Congolese rumba, which **dance** actually evolved from it by increasing the tempo, introducing guitar improvisations and longer dance sequences? The dance and accompanying music were particularly popularized in France in the 1980s, and some of the better-known subtypes include *kwassa kwassa* and *ndombolo*.

8. Introduced into the UFC Hall of Fame in 2003 along with his fierce rival Royce Gracie, which **American MMA fighter** and wrestler was the winner of the UFC 3 tournament, first UFC Superfight Championship winner, and first foreign fighter to become MMA champion in Japan after he won the Pancrase title?

9. Attributed to Hesiod during antiquity, which **epic** relies on an extended description of the object found in the *Iliad* (18, 156-159) and takes Homer's words on it almost verbatim? The title item of the epic in question is however owned by another hero.

10. A hybrid of deep house, jazz, and lounge music characterized by synths and wide percussive basslines, which **subgenre of house music** emerged in South Africa in the mid-2010s? One of the pioneers of the subgenre is DJ Kabza De Small.

11. Loanword from Russian where it refers to a natural ice hole, what is the geographical term for an **area of unfrozen seawater** within otherwise contiguous pack ice? More common are the coastal types which are created by strong winds pushing the ice away from the coast.

12. _____-Telo, _____-Dimy
and _____-Tsivy are three standard
versions of which **strategy board** game
indigenous to Madagascar? Game can
also be found as game within a game in
Assassin's Creed: Black Flag.

13. Named after a Czech anatomist, what is the name of the **effect**, i. e. the tendency for the peak luminance sensitivity of the eye to shift toward the blue end of the color spectrum at low illumination level as part of adaptation to the dark? As a result, reds will appear darker relative to other colors as light levels decrease.

14. After Franco's censorship forced him to change the ending of his social realist drama film *Death of a Cyclist* in 1955, which **Spanish director** called Spanish cinema politically futile, socially false, intellectually worthless, aesthetically valueless, and industrially paralytic? Such excess landed him in prison, but he was released following an international outcry after winning the Cannes critic's prize.

15. What name was given to the **three Inca child mummies** discovered by the team of archaeologists led by Johan Reinhard near the summit of a stratovolcano on the Argentina-Chile border? Considered to be the best-preserved mummies in the world, the children were sacrificed in a religious ritual around the year 1500.
